HISTORIC AMERICAN BUILDINGS SURVEY

FRAME
~~ADDED~~ HOUSE

HABS No. MO-1725

Location: Old Mines, Washington County, Missouri

HISTORICAL AND ARCHITECTURAL INFORMATION

The following information was recorded by Alexander Piaget and Charles van Ravenswaay at the time the photograph was taken:

Built ca. 1835. In general follows Creole lines with long sloping roof and front and back gallery, but the trim and woodwork is distinctly Anglo-American of the period. It suggests a two room log cabin with a dog-trot that was later boarded up and with the roof raised sufficiently to make a second floor. The windows and shutters are original.

PROJECT INFORMATION

The Piaget-van Ravenswaay Survey consists of a number of photographs, primarily of sites and structures in Missouri, which were taken before 1938 by Alexander Piaget and after that by Paul Piaget, both in conjunction with Charles van Ravenswaay. Photographs of buildings were incorporated into the HABS collection in 1985 by Laura Rupp and in 1986 by Deborah Fulton, HABS historians. A master list is available in the ~~MO-1800~~ records for MO-1800.
